

PAES

PAES® 2020 Upgrade

For Labs Established After 2007

What's included?

CURRICULUM:

- All new curriculum materials including new job cards, manuals, master flash drives, worksheets, workplace skills guide and forms, 10 standard yellow and 2 subtask blue 2020 data collection books (yes, the colors of the data collection book covers changed to easily recognize 2020 versions), 2020 PC based scoring software.
- Quick Reference Guides (QRG's) for all components.
- All new exterior and interior labels for job boxes. (replacement job boxes are available—\$6 for small boxes, \$20 for large boxes)
- Improved consistency between component manuals, QRG's, Job Cards etc.
- There have been verbiage changes throughout. All instances of student or teacher has been changed to employee or supervisor. The work activity has been replaced with job. Behavior has been changed to Workplace Skills. Worksheets are now job sheets. The main purpose of this upgrade is to make sections more consistent and more reflective of the original PAES lab that was used for validation and to equate the lab to a workplace.
- One-year subscription to the PAES training video series. Subscription includes access to all 15 training videos, quizzes, and final test. Great to hold trainings for staff in your lab! One PAES lab authorize evaluator certificate comes with the subscription. Annual renewal is \$50.
